Rimors persisted of a coming combination of copper futerests with some effect on copper securities. The Southern group of railroads felt the influence of the thawley deal in Missouri, Kansas and Texas and mysterious intimations of a possible further scope for the plan involved in that deal. The stataning influence of these movements was only temporary, and prices ran off again, closing at about the lowest.

MARKET CONDITIONS

Cranberries Are Now Very Plentiful.

Conditions were practically unchanged on the local produce market Tuesday. Quotations continued firm and very steady, no changes being reported. The dealers reported a fairly good demand for tomatoes Tuesday, and housewives who wish to purchase any for putting up must do so immediately, as the season for the vegetable is now practically at an end. Nice celery was a feature on the market Tuesday. Dealers offered the delicate at 5 cents a bunch. Cranberries are coming in freely and barrels of the fruit appear in practically every stand on market row. Pumplths are now quite plentiful, and the small boy who wants one with which to celebrate Halloween will be able to get it at a very reasonable price by the time that day arrives.

SIMPLY SURPRISING CURE IN CUTICURA

"It is a great pleasure for me and I consider it a duty to inform you what Cuticurs has done for me. About twelve years ago, I contracted an eruption of the scalp consisting of small pimples, about the size of a pinhead, which filled after a few days with pushich filled after a few days with pushich filled after a few days with pushich the days termendously. I tried which filled after a few days with pus and which hurt tremendously. I tried everything, but in vain Finally, I washed my head with sulphur and applied a carbolic ointment. After a few days the pimples disappeared, only to come back again in a week. This I suffered for ten years and then I saw an advertisement in the paper of the wonderful cures by Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Pills and after three weeks I had used only half the Soap and Ointment and my head was as clean as ever before. After the first application it was simply surprising how it improved.

"In consequence of my having used Cuticura Soap for shampooing, I noticed that my hands which almost always were cracked from handling undressed wood, lime and stone, became white and velvety. Formerly I used giveerine, but one night's treatment with Cuticura Soap and Ointment does more for my hands than a week's treatment with giveerine. I hope all suffering people will at least try the Cuticura Remedies. Herman Becker, Fifield, Wis., November 9, 1998."
